“IF YOU ALWAYS PUT LIMITS ON EVERYTHING YOU DO, PHYSICAL OR ANYTHING ELSE, IT WILL SPREAD INTO YOUR WORK AND INTO YOUR LIFE. THERE ARE NO LIMITS. THERE ARE ONLY PLATEAUS, AND YOU MUST NOT STAY THERE, YOU MUST GO BEYOND THEM.” -BRUCE LEE

# Testing Standards

- Standards were developed by the committee from analysis of past 4/5 camps, WHL and Hockey Canada standards.
- All tests need to be completed by October 15 each year. Officials not completing their tests will be removed from CIS and AJHL or their highest level of hockey until requirements are met.
- Retention camps will only be off-ice testing and SRD
- Upgrade camps will be on-ice testing, off-ice testing and SRD

# On-ice Testing Standards

	Male	Female
Front 40 meter	6.5 seconds	7.0 seconds
Back 40 meter	8.7 seconds	9.25 seconds

  - If an official cannot do the tests due to injury, they cannot officiate after Oct 15. An extension will be granted once the individual is back from injury to complete tests.

Regional/Provincial Executive regulated criteria as well as on-ice performance are used for selection of events through the season.

Off-ice  
Expectations/Per  
ceptions

Do you remember what it was like working your first game?

- Who was there for you?
- What did they do to help you progress?
- Is that person still involved?

## Get involved!

- The program is only as good as those willing to be involved.
- Involvement in the program is not always about having a “position” on a local/region/provincial executive
- Are you meeting your supervision requirements? Do you only do the minimum?
- Are you willing to work lower levels of hockey now that you are meeting your goals?
- Why not participate in more than one minor hockey game per month?
